Tear Drops into Joy Grant for Sponsoring Midwifery Student Project

Project Manager's Report

For the year ended 30th June 2015

Sponsoring Student Midwifery Project is a project being funded by Tear Drops into Joy and Maternal Mortality Action Group from Australia.

The project is intended to educate and train a midwife in order to develop the skills needed to manage normal (uncomplicated) pregnancies, child birth and the immediate postnatal period, and in the identification, management and referral of complications in women and new-borns to the people of Sra and the surrounding communities. This has become necessary because of the difficulties that the women in the community go through during pregnancy which sometimes results in miscarriage, still birth, maternal and infant mortalities.

Apart from providing quality health delivery to the community, the Midwife at the Apostle Padi Ologo Traditional Birth Centre will also provide guidance and counselling in the areas of prevention of HIV/AIDS, family planning and child welfare.

The total receipts for the period 1st July, 2014 to 30th June, 2015 amounted to US \$ 4,299 (GH¢ 13,577) against an expenditure of US \$ 4,207 (GH¢ 13,181) resulting in a balance of cash at bank of US \$ 92 (GH¢ 398).
